Education:

Bachelor of Technology in Computer Science and Engineering (AIML)

United Institute of Technology, Prayagraj | Nov 2022 – Present

CGPA: 8.74

Girls' High School & College, Prayagraj, Uttar Pradesh

Senior Secondary Education (ISC) | July 2022

80.0%

Secondary School Education (ICSE) | Mar 2020

88.0%

Work Experience:

1. Data Analysis Intern, Excelerate — Sep 2025 to October 2025

- Automated data preprocessing using Python, reducing manual effort by 40% and improving reporting speed by 30%.
- Applied clustering across 3+ projects, increasing reporting accuracy by 25%, and enabling data-driven decisions.

2. Software Development Intern, Bluestock Fintech — Mar 2025 to Apr 2025

- Spearheaded development of 3+ frontend features in a 5-member team, enhancing platform responsiveness and user experience.
- Optimized SQL synchronization, cutting latency by 40%, and improving throughput.
- Resolved 5+ critical issues, reducing system errors by 35% and improving overall reliability.

Projects:

1. Indian Sign Language Recognition (In Progress):

- Building a Continuous ISL Sentence Recognition system using Transformer + CTC for gloss-level sequence modeling.
- Designed a MediaPipe-based keypoint extraction pipeline and evaluated performance using F1-score as the primary metric, along with WER.
- Tech Stack:** PyTorch, MediaPipe, OpenCV, NumPy, Pandas.

2. Spam Mail Detection:

- Developed a spam classifier for 10,000+ emails using TF-IDF + Logistic Regression, improving classification reliability through optimized feature engineering and reduced false positives.
- Tech Stack:** Python, Scikit-learn, TF-IDF, Logistic Regression.

3. Study Plan Generator:

- Developed a personalized study planner for 200+ users using weighted scheduling algorithms, improving subject-wise time allocation efficiency by 30%.
- Integrated Flask backend with SQL for real-time data management.
- Tech Stack:** Flask, SQL, HTML, CSS, JavaScript.

Skills:

- Programming Languages:** Java, Python, Dart, C#.
- Machine Learning:** Scikit-learn, Logistic Regression, Supervised Learning, TensorFlow.
- Web Development:** HTML, CSS, JavaScript, Flask, Angular.
- Databases:** MySQL, SQLite.
- Tools & Platforms:** Git, Jupyter Notebook, Netlify, VS Code.

Certifications and Achievements:

- Selected for **Amazon ML Summer School 2025**, ranking in the **top 4.3% of 70,000+ applicants nationwide**, with advanced training in supervised learning and deep learning.
- National-Level **Semi-Finalist – Flipkart GRiD 7.0**, outperforming thousands in competitive coding rounds.
- Data Structures & Algorithms, AlgoPrep.
- Cyber Security Certification, Cisco Certification Academy.
- Introduction to Generative AI, AWS Training & Certification.
